For many who pick up the Bible, a common difficulty is a tendency to see the Bible as a series of writings and books that are all different and disjointed in various ways, not lining up smoothly and seeming to be all over the place at times.

This Bible Overview series has one goal in mind: We will look at the Bible as a whole to see it for what it is - God's plan from the beginning to redeem His people, and God's unending faithfulness and steadfast love for His people throughout all of time and into today.

“I had the privilege of teaching Bible Overview in Taiwan this past fall to a variety of different groups. Doing so gave me a greater appreciation and understanding of the Bible as a whole and the story it tells of God’s constant guidance, protection, and active love for His people. I would love to share this with everyone at Zion!” - Connor
