Monthly Newsletter of Zion Lutheran Church, Shawano, WI

September 2020

To the Zion Faith Community:

For many of us, living through the Covid-19 virus has meant letting go of life rhythms we've known and counted on—people, places, and habits that once grounded us. This letting go, for some, has led to significant isolation; while for others it's led to the rediscovery of walkable neighborhoods and creative ways of staying connected. Debra and I have particularly enjoyed wonderful summer days on Shawano Lake, drawing closer to a few young families in our neighborhood, and some special times with our family. The safety calculation of course is in avoiding the virus and it has become the dominant lens for all of us.

In so many ways we have been incredibly blessed at Zion. It has been a godsend to have been able to live stream worship through this period; yet it is no substitute for being with the physically gathered community. And while there are many things we miss, we have grown accustomed to our forced flexibility. And perhaps are less apt to take things for granted in the future.

***Where do we expect to find God these days? How do we expect God to show up for us?***

The Scriptures record many stories of how, through the ages, people and prophets have had to come to terms with new ways of understanding who God is and how God might show up among us. I draw our attention to the prophet Elijah, whose battle against Israel's worst king on record—King Ahab—and his evil wife Jezebel had taken its toll. Even after defeating the 450 priests of Baal in one of the most celebrated contests recorded in the Hebrew Scriptures, (check it out—1 Kings 18:20-40) Elijah was feeling more vulnerable than confident. So when, in the aftermath of that encounter, Queen Jezebel puts a bounty on his head, Elijah flees for his life, journeying 40 days and 40 nights to the holy mountain of God – Horeb. Elijah arrives there feeling depressed, defeated, fearful and alone. He wonders whether all his efforts for God's sake

have been for naught. Exhausted, he crawls into this cave and he waits for a sign.

There's a lot packed into this story, into what precedes it and what comes after it, but three verses captured my attention. Elijah is commanded: *"Go out and stand on the mountain before the LORD, for the LORD is about to pass by."* And so Elijah, bone weary, looks toward the mouth of the cave. This is what happens next:

*There was a great wind, so strong that it was splitting mountains and breaking rocks in pieces...but the LORD was not in the wind; and after the wind an earthquake, but the LORD was not in the earthquake; and after the earthquake a fire, but the LORD was not in the fire; and after the fire a sound of sheer silence. When Elijah heard it, he wrapped his face in his mantle and went out and stood at the entrance of the cave. – 1 Kings 19:11b-13*

It's when Elijah hears that SILENCE—so deep, so pervasive that it tugs at his ears—that he wraps his mantle around his head, crawls to the mouth of the cave, and he stands up before the LORD. Elijah has been around God long enough to learn that God may just show up in ways we least expect—not through outsized events or huge natural phenomenon or feats of strength, but in the form of sheer silence (RSV: “still small voice”).

The answer to the question: “WHERE WILL GOD SHOW UP FOR US DURING THE PANDEMIC?” may surprise us. The story of Elijah invites us to not come to conclusions too quickly about where we can find God, but to remain open to how and where we see God manifested during this vulnerable time. To listen for that “still small voice” which can only be heard when we learn to filter out all the other loud, boisterous, public, competing voices which vie for our attention.

Bolstered in God's blessings,

## **September Ministries**

It would be an understatement to say that this September is going to be unlike any in the history of this congregation. We will be deliberate and prayerful as we move forward in these unusual and trying times.

Worship will continue as we have during the month of August. We have spread out your worship opportunities throughout the week so that we don't run the risk of overloading the sanctuary.

† **Wednesday Worship** is outside (11:00 am & 6:00 pm) unless bad weather takes us inside.

† **Saturday Worship** is in the sanctuary (5:00 pm).

† **Sunday Worship** is at the Shawano County Park (9:30 am) through September.

**Sunday School** will begin live in-person **at the park** (following the 9:30 am service). This will be an all congregation; cross-generation Sunday school. I dare say that it's never been done before, we don't know exactly what it will look like, but together as a congregation we will grow our faith! Material will be available at the site and on [www.shawanozion.org](http://www.shawanozion.org).

**9th Grade Confirmands** will begin *Saints & Servants* Sunday evenings, September 20 & 27 at 5:00 pm preparing for making Affirmation of Baptism in October.

**6th-7th-8th Graders** will begin Confirmations classes in October. Details will be worked out this month.

## TAKE OFF THE MASK!

Masks...they're all the rage aren't they? You can match them to your outfit, show off your favorite sports team, or wear one that's completely crazy.

There's cloth ones, disposable ones and masks that are N95 (whatever that means). In these days of COVID-19 some places require them, some encourage them and others still leave it up to the individual.

When it comes to wearing them, there are the people who gladly wear a mask because they believe that it helps make a difference and then there are those people who think that masks are part of a vast conspiracy theory and that wearing one impinges on their freedoms. So along with all the other things that separates us in this country, we are divided over whether or not to wear masks.

Now let's be honest! Masks are hot. They make it hard to breathe. You sound muffled. When you talk while wearing a mask people can't see your face and if you wear glasses, you walk around in a literal fog all day long. So we can all agree on one thing; everybody dislikes wearing masks!

But you know something? We've been wearing masks our entire life, so we ought to be used to it by now. From the time we began caring about what other people thought about us, we started to wear masks. Why

we even have a mask we wear around our friends, another one we wear at work, yet another at church and yes, we even have a special one we wear at home!

We wear these specialized masks because we are afraid. We are petrified that if someone saw us for who we really are, if people actually knew what was behind the mask, they couldn't possibly love us. Somewhere along the way we have convinced ourselves that the only way for us to be safe in this big bad world is to hide behind a mask, so no one can see the real me.

It's to take these masks off! Read the words the Apostle Paul wrote in Ephesians 2:10, ***"For we are what he (God) has made us, created in Christ Jesus for good works, which God prepared beforehand to, be our way of life."*** WOW!

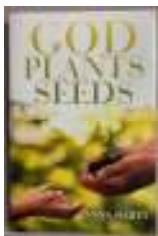

The Almighty Creator of the heavens and earth made you just like you are and when you are what you are for a reason; a reason that God prepared before you were ever born to be your way of life...well, there's no reason to hide behind a mask. You are who you are supposed to be, you are a "Child of God," and you were created in God's image.

Let people see the amazing person that you are, let them experience the wonder that is you, and by all means – don't hide yourself behind a mask. Let your light shine in the world, take off your mask!

## God Plants Seeds

by Anna Hartt

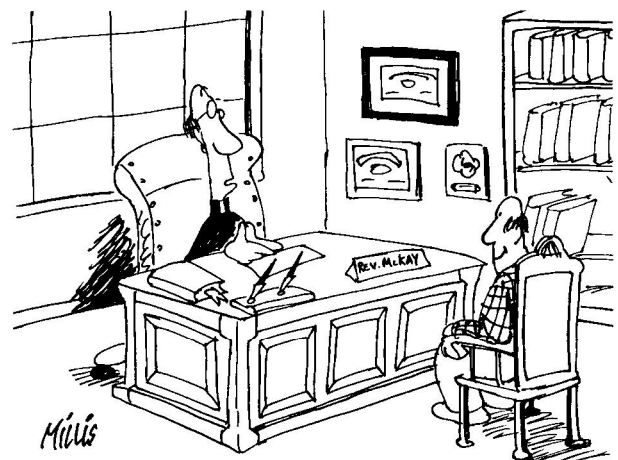

We all have a purpose on this earth, ordained by God before our births. After planting seeds of character and talents within each of us, God fills the hourglass of our lives with time and love. What we do with these gifts determines what we harvest from the fields of our lives—ubuntu.

In a contemplative compilation of both fictional and other writing extracted from her real-life experiences, Anna Hartt shares four dreams presented as short stories, inspirational poems, prayers, travel adventures, and additional tales for children and adults that reflect on her trails, relationships, and God's influence.

This beautiful book is available on Amazon and at [www.annahartt.com/](http://www.annahartt.com/).

You can also contact Deborah at 715-851-4771.

"We're grateful for the checks that you have put in the collection plate, but in order for us to cash them, you'll have to make them out to the church, and not 'The Big Guy Upstairs.'"

Dear Zion Endowment Fund Committee,

Although COVID-19 has been a little tough on all of us, God had a plan. Zion thought of the seniors (myself included) and performed such a great task, not only did the gift bring tears to my eyes, but love to my heart. I can not wait to worship with you all again. God is so good and I thank him every day for putting people like Zion members in my life.

## From Your Parish Nurse...

### September 28 Blood Drive

September 28 the Community Blood Center of Appleton will be at Zion. This is the second blood drive that was hosted here at Zion. The Community Blood Center relies on area businesses of all sectors and sizes to host over 100 mobile blood drives each month.

Blood carries gases, nutrients and waste products through the body. Blood also fights infections, heals wounds and performs many other vital functions.

There is no substitute for human blood. It cannot be made or manufactured. Volunteer blood donors are the only source of blood for patients who need blood transfusions. Blood contains a number of different components, and doctors use component transfusions to give patients exactly what they need.

Blood contains three different components. Red blood cells which carries oxygen to the body's organs and tissues. The shelf life is 42 days and is given to trauma victims, and surgery patients. Platelets controls bleeding by forming clots. It has a shelf life of 5 days and is given to cancer patients and trauma victims. Plasma contains proteins that help stop bleeding and has a shelf life of 1 year. It is used for burn or trauma victims.

Blood types are determined by genetics. Donors can give whole blood every 56 days. Every 2 seconds a patient in the U.S. needs blood. One pint of blood can

save up to three lives. All blood donors of all types are need.

Donors must be 17 years old (16 with parental consent). Weigh at least 110 pounds and be in good health. Donors will need to bring a photo ID, a list of medications and international travel history.

Donors will undergo a brief health screening before donation. Your temperature, pulse, blood pressure and hemoglobin level will be checked. In preparation before donating it is suggested to drink plenty of water and eat healthy meals days before donation. Before donation eat a healthy lunch and drink 8-10 glasses of water, avoid caffeine and wear a short-sleeve shirt and comfortable clothing. At the end of your donation you will be offered a beverage and snack. After 15 minutes you are able to leave.

Please consider donating if able on September 28 from 1:30pm until 6:00pm. The Community Blood Center will have their Blood Mobile located in the church parking lot. A sign-up sheet will be at the Information Desk. You can also, register online by visiting [www.save3lives.org](http://www.save3lives.org). Or calling 800-280-4102.
